22.07.2025  
14:00 PM - 15:00 PM

**VITALE  
DEMO**

TUESDAY

---

## 01 INTRODUCTION

An overview of VITALE, the smart digital platform that unifies automated and manual lab processes.

**5 minutes**

---

## 02 PROTOCOL DESIGNER DEMONSTRATION

Live demonstration of how to create, customize, and automate experimental protocols.

**10 minutes**

---

## 03 PROTOCOL LIBRARY DEMONSTRATION

Explore the repository where users can browse, rate, and reuse validated protocols. See how version control and community reviews boost reliability and reproducibility.

**5 minutes**

---

## 04 SCHEDULING CALENDAR DEMONSTRATION

Demonstration of calendar, which allows real-time scheduling of experiments, device availability, and collaborative task planning across teams and labs.

**5 minutes**

---

## 05 PERSONAL LABBOOK DEMONSTRATION

A walkthrough of your digital laboratory notebook that automatically organizes documentation for each user.

**5 minutes**

---

## 06 AI INSIGHTS DEMONSTRATION

Demonstration of AI Insights to analyze outcomes, detect anomalies, and retrieve relevant scientific literature – enabling data-driven decision-making.

**5 minutes**

---

## 07 LIVE Q&A SESSION

Open floor for attendees to ask questions, share feedback, and explore how VITALE can be adapted to their specific lab environments and research needs.

**25 minutes**

---
